Troubles Demand Prompt Treat.

Troubles Demand Prompt Treat.

Mil skin troubles which are prevalent in hot weather—rashes, inflammations, so-called "summer" eczema, itching spots, lives, pimples, etc., demand the use of posiam for their prompt eradication. Their causes are found in overheated blood, skin irritation, digestive disorders, etc. In some persons the eating of fish or betries in certain months always brings them on. For clearing the complexion, red or inflamed noses, sunburn, mosquite sites, burns, etc., posiam should be used in preference to aught else, surprising results being noted after a single amplication.
